

OFFICE MASTER SYSTEM™

OMS Newsletter – March 2018

Our monthly newsletter keeps you up-to-date on all the new, existing, add-on functions which you can use to get the most out of your OMS software. This is the Power of OMS!

This month we would like to share:

Mobile OMS: Simple Scan Function

On Mobile OMS, after you select a customer, you may enter an item number or simply scan the item's bar code when creating a sales order. OMS will automatically assign the price for this customer. Being mobile, you may do your sales orders anytime, anywhere.

Your suggestions for OMS User Conference - 6/8/2018, Arcadia, California

It is that time of the year again! We would like to invite you, in person, to our annual OMS User Conference. Our OMS Team is now working on case studies and presentations for you to learn the power of OMS from a new and fresh perspective that lets you fully utilize OMS from beginner tips to advanced features and improve your efficiency, analytical skills and overall business productivity. If you are interested in any of OMS functions or tips that you would like to learn more about during the User Conference, feel free to email your ideas or suggestions to ckchou@mastersystem.com. Reserve your 2 free seats (with valid ASC on 6/8/18) with Kate, katez@mastersystem.com

Please NEVER hesitate to give us a call if you have any questions. Thank you for using OMS!
